

Compose the ideal environment as host for your event at Riviera Parque. Whether a small gathering of 25 or a 3,100-plus trade show or gala that flows through the entire facility, we offer a level of flexibility, service and professionalism unmatched in the hospitality industry. Eight large conference/ballrooms and 15 breakout rooms--varying in size from 500 to 12,000 sq. ft.--are at your disposal for an unlimited variety of uses. For example, you might choose to combine the sky-lit Il Terrazzo specialty hall and outdoor patio with the adjoining Porta Bella Ristorante—an ideal configuration for business, reception and unforgettable dining.

Please refer to the next page for venue floor plans, room capacity charts and seating plans for detailed specifications.

As you will see in our floor plans, we present a variety of seating configurations—Banquet, Classroom, Theatre, Conference-style, U-Shape, Hollow, and Herringbone Classroom. But, depending on your particular needs (say, a plan that requires space for booths in a trade show or work fair, or staging and runways for a fashion show) anything is possible at Riviera Parque.
